CONTENTS

Fabric hand characteristics by nozzle extraction technique A Das, A Majumdar & P Gupta	115
Optimization of drafting zone variables in ring spinning for the production of cotton/milkweed blended yarns T Karthik & R Murugan	121
Effects of OE spinning parameters on cotton rotor-spun yarn hairiness Mohammad Javad Abghary, Majid Safar Johari & Sanaz Hassanzadeh	129
Effect of differently functionalized carbon nanotubes on the properties of composite nanofibres Olcay Eren, Nuray Ucar, Aysen Onen & Ismail Karacan	138
Preparation of antibacterial microfibre Miao Dagang, Zhao Hongmei, Jiang Shouxiang, Shang Songmin & Chen Zhuoming	145
Preparation and characterization of PA6/titania conductive fibres Kun Zhang & Mingqiao Ge	150
Optimisation of alkali treatment of banana fibres on lignin removal K J Vishnu Vardhini, R Murugan, C Tamil Selvi & R Surjit	156
Changes in thermal comfort properties of sports wear and underwear due to their wetting Vladimir Bajzik, Lubos Hes & Ivan Dolezal	161
Effects of industrial ironing on mechanical and dimensional properties of cotton, wool and polyester fabrics Rim Cheriaa, Imed Ben Marzoug & Faouzi Sakli	167
Properties of wool dyed with pinecone powder as a by-product colorant Saeed Salimian, Meghdad Kamali Moghaddama, Somayeh Safi & Sayed Majid Mortazavi	173
Tie-dye technique and pattern features Liu Su-qiong, Gao Wei-dong, Xue Wei, Gu Ming & Liang Hui-e	180
Dyeing quality of walnut shells on polyester and polyester/viscose blended fabrics Ferda Eser, Ebru Aktas & Adem Onal	188
Preparation of viscose/wool powder blended fibre and optimization of its acid dyeing Guizhen Ke & Wenbin Li	195

Enhancement of heat and mass transfer between human body and hospital mattress to reduce pressure ulcer formation P Kandhavativu, R Rathinamoorthy & R Surjit	200
Specially treated woven jute geotextiles for river bank protection S K Chakrabarti, S G Saha, Palash Paul, A R Dewan, Koushik Das, P K Chowdhury, D P Gon & Prabir Ray	207
Short Communications	
Fungal dry retting — An ecofriendly and water saving technology for retting of jute Shyamal Banik	212
Electrochemical bleaching of cotton Dipankar Das, A K Patra, Rahul Jakhar & Shyam Sunder	217
Yarn hairiness on ring spinning with modified yarn path Xinjin Liu & Xuzhong Su	221
Book Review	
Handbook of Technical Textiles, Vol. 2: Technical Textile Processes edited by A Richard Horrocks and Subhas C Anand; reviewed by Dipayan Das	226
Corrigendum	228
